The Committee is in receipt of a request for additional information dated April 19, 2013. In response, the Committee acknowledges that it failed to timely file a required 24 hour report regarding "last minute" independent expenditures. The independent expenditures identified in the RFAI were made on November 29, so a 24 hour report should have been filed

no later than November 30. The Committee prepared the report on November 29, but failed to file it. The Committee discovered its error on December 3 when filing a 24 hour notice for an additional independent expenditure. The Committee filed the notice that day, 3 days after it should have been filed. The Committee apologizes for its error.
